M. JAGANNATH

Will the Minister of EXTERNAL AFFAIRS be pleased to state:

the salient features of Indo-German Joint Statement issued following the recent visit of German Interior Minister?

Answer

THE MINISTER OF EXTERNAL AFFAIRS (SHRI JASWANT SINGH)

The salient feature of the Indo-German Joint Statement is the recognition that international terrorism is directed at the shared values and convictions of all freedom loving people all over the world. The fight against terrorism needs increased global action by the security authorities for which necessary conditions need to be created including through implementation of UN Security Council Resolution of 28th September 2001. In this context, Germany supports India`s efforts for a UN Convention on combating terrorism.
